

WISE Membership Form

(Winrock Information Service on Energy and Environment)

Winrock International India (WII) is a major publisher of literature on new and advanced energy and environment technologies like biofuels, non-conventional energy sources, sugar cogeneration, ethanol, energy conservation, renewable energy, CDM and carbon finance and participatory natural resources management. WISE membership is a comprehensive package of all regular publications of WII. Annual membership entitles a WISE member to receive nearly 800 printed pages of data, information, research, analysis and case studies on sustainable energy systems that are environmentally benign too.

Currently 320 members are enrolled as WISE members. Details are available on www.winrockindia.org

Yes, I/my institution would like to become a member of WISE. The details are given below:
